PROFESSIONAL SUMMARY

Passionate front-end developer currently working in Lunara Solutions, skilled in HTML, CSS, JavaScript, React.js, and modern technologies. Aiming to create innovative, user-friendly web applications and advance in front-end development.

EXPERIENCE

Lunara Solutions

August 2023 - Present

Software Engineer

- **Responsive Web Development:** Collaborated on developing responsive web pages using React.js, CSS, Tailwind, and HTML5, ensuring compatibility across various devices and screen sizes.
- **User Experience Enhancement:** Contributed to enhancing user experience in a product-based project by developing new features and improving existing functionalities.
- **School ERP System Development:** Worked collaboratively with a team to develop a comprehensive school ERP system, managing student data, attendance, and performance reports, and providing a seamless user experience for administrators and teachers. Developed modules for managing timetables, faculty details, and an intuitive dashboard for real-time updates and insights.

Sharpener Tech

July 2022 - August 2023

Front-End Developer

- **Responsive Web Applications:** Created responsive web applications using HTML, CSS, JavaScript, and React JS.
- **State Management with Redux:** Implemented Redux for efficient state management.
- **Performance Optimization:** Enhanced performance and user experience through code optimization.
- **Projects:** Developed various applications, including E-commerce Website, Expense Tracker, Mail Box, Meet Up Project, and Todo List Project using React JS, Next.js, MongoDB, Firebase, and Redux.

Elite HR Solutions

November 2021 - July 2022

HR Executive

- Managed full-cycle recruitment, collaborating with HR Managers and utilizing MS Office tools and Job Portals for diverse positions.

Icon Infoware Technologies Ernakulam

July 2016 - April 2018

Junior Programmer

- Excelled in C# .NET programming, enhancing healthcare and HR teams' efficiency through user-friendly applications and DB management.

SKILLS

HTML | CSS | JavaScript | React | Bootstrap | React Bootstrap | Redux | Context API | Next.js | MongoDB | Python | C# .NET | SQL | Google Firebase | GitHub | Tailwind CSS

PROJECTS

Gemini Clone AI

Technologies Used: React JS, CSS, HTML5, Tailwind, OpenAI API

Github: https://github.com/athiragithubworld/GeminiClone_Chart

Hosted Link: <https://gemini-clone-chat.vercel.app/>

- Integrated OpenAI API to enable natural language processing for dynamic and engaging user interactions.
- Designed an intuitive user interface with Tailwind CSS to ensure a responsive and visually appealing chat experience.
- Implemented error handling and fallback responses to enhance the robustness of the chat application.

School ERP Project

Technologies Used: React JS, CSS, HTML5, Tailwind

- Developed modules for managing student data, attendance, and performance reports.
- Created secure user roles and permissions for administrators, teachers, and students.
- Enhanced user experience with a clean and intuitive interface.

E-commerce Website | BookStore | Expense Tracker | Mail Box

Technologies Used: React JS, CSS, HTML, Bootstrap, Redux

Github: https://github.com/athiragithubworld/Books_EcommerceProject

Hosted Link: <https://books-store-project-ten.vercel.app/>

- Built a scalable e-commerce store with Firebase for secure data management.
- Implemented Redux for efficient state management and smooth user interactions.
- Developed an intuitive expense tracker and mailbox with secure storage and authentication.

Meet Up Project | Todo List Project

Technologies Used: React JS, CSS, HTML, Next JS, MongoDB

Github: https://github.com/athiragithubworld/Meetup_NextjsP2Deploy,

Hosted Link: <https://meetup-nextjs-p2-deploy.vercel.app/>

- Designed a Meetups website with secure data storage using MongoDB.
- Optimized performance with Next JS for server-side rendering.
- Created a responsive Todo List application with real-time data synchronization.

EDUCATION

Bharathiar University

June 01, 2017 - May 02, 2019

MBA (Distance), Human Resources Management
